ARTICLE 1 – INTRODUCTION

Students and parents/guardians acknowledge that they have reviewed, understand and agree to be bound by the terms of this Code of Conduct.

1. Our Mission

Deliver peace of mind for parents & foster student success.

2. Code of Conduct Purpose Statement

CIC strives to provide a safe, caring and orderly environment which fosters the foundations of teaching, learning and living a healthy lifestyle. The code of conduct sets out clear standards and expectations for the students of CIC both academically and personally (the “Code of Conduct”). The Code of Conduct is intended to promote respect, responsibility, integrity, inclusiveness for all and to provide students with a strong framework to achieve academic and behavioural success.

Each student has the obligation to abide by the rules and provisions outlined herein. CIC reserves the right, in its sole discretion, to take all necessary disciplinary action against any student whose conduct is in contravention of this Code of Conduct. For clarity, disciplinary measures taken against any student found in violation of this Code of Conduct shall not be uniform. CIC reserves the right to take into account several considerations prior to determining any disciplinary measure including but not limited to the severity of the infraction; the student’s discipline history; age of the student; the frequency of breaches of the Code of Conduct; and any aggravating or mitigating factors.

At all times, the Principal, following the procedures of this Code of Conduct has the authority and responsibility to determine consequences and support for students.

3. Scope

The Code of Conduct applies to all students enrolled at CIC or who have been granted admission to attend CIC classes and/or reside in our residence. Each student must adhere to this Code of Conduct and agree to be bound by its provisions. The Code of Conduct applies to the student whether or not he or she is on CIC premises and may include but is not limited to such times when a student is at a CIC organized event or activity including school trips, sporting events, community service events; transportation to/from CIC related activities, or any other time when a student may be representing CIC, in any capacity.

ARTICLE 2 – ACADEMIC POLICY

1. Assessment of Learning Policy

Statement of Intent

CIC is committed to ensuring that all students meet and exceed all scholastic requirements. Specifically, CIC requires **students to be present, ready, willing, and able** to write all assessments of learning, scheduled tests, and exams prepared and administered by CIC faculty.

Policy

Students at CIC must complete all assessments of learning including writing all tests and exams at such times designated by CIC faculty. It is a student's responsibility to be aware of any changed dates or times for any test and exam. Any student who is absent from any test or examination will be assigned a grade of zero unless there is a valid reason for the absence, as determined by the student's teacher in consultation with the department head.

Notwithstanding an emergency or excusable intervening event, as determined by CIC at its sole discretion, a student must immediately advise CIC of his or her absence by using the appropriate protocol as set out in the Course Calendar, of his or her absence. If the absence was on account of reasonable grounds, the student shall provide CIC's Academic Office with satisfactory evidence supporting the absence. Satisfactory evidence such as a medical certificate must be provided to CIC's Academic Office within a reasonable time period thereafter.

Consequences for Breach of Policy

If a student is absent from a test or exam, without providing satisfactory evidence to justify the absence, the student's teacher in consultation with the department head, may determine if the student is entitled to write a make-up version of the test or exam, at a future date, subject to any deductions determined at the sole discretion of the student's teacher. The student can appeal to the department head in the event they are unhappy with the teacher's decision. In the event that a student misses two (2) tests or exams in a semester (whether such absences have been excused by the department head or not), the student may be required to meet with the Principal or Vice Principal.

No opportunity will be provided to a student to make-up final assessments including Course Culminating Activities and exams unless the student can provide evidence of hospitalization or such other evidence to prove the occurrence of an exceptional intervening event sufficient to excuse the student from participating in final assessments. The determination of any exceptional intervening event shall be at the sole discretion of the Principal or Vice Principal. In such circumstances when a student has been excused from a final assessment, the student may be required to write a make-up assessment at such time as determined by CIC.

Parents/guardians will be advised of any student who is acting in contravention of this Academic Assessment Absenteeism Policy.

Any student in breach of the foregoing may be directed to the Principal or Vice Principal who shall determine the appropriate consequence, which may include the progressive discipline as set out in Article 15 herein.

2. Academic Assignment Policy

Statement of Intent

All academic assignments are dedicated to developing a student's intellectual, social, creative, and academic skills. It is necessary that all students actively engage with and complete assigned projects provided by CIC faculty and submit only originally-produced materials, as required.

Policy

Students at CIC must submit all academic assignments on the prescribed due date as established by the student's teacher. The teacher has the discretion to make alternate arrangements with the student but is under no obligation to do so, save and accept the provision of sufficient reasons for the student's noncompliance. Based on CIC's Assessment, Evaluation and Reporting policy, teachers are permitted to make any alternative arrangements including but not limited to the following:

- Helping students develop better time-management skills;
- Maintaining ongoing communication with students and/or stakeholders about due dates and late assignments, and scheduling conferences with stakeholders if the problem persists;
- Setting up a student contract;
- Using counselling or peer tutoring to try to deal positively with problems;
- Holding teacher-student conferences;
- Reviewing the need for extra support for English language learners;
- Understanding and taking into account the cultures, histories, and contexts of students and parents and their previous experiences with the school system;
- Providing alternative assignments or tests/exams where, in the teacher's professional judgement, is reasonable and appropriate to do so;
- Planning for major assignments to be completed in stages, so that students are less likely to be faced with an all-or-nothing situation at the last minute.

The Principal or Designate has the discretion to authorize any of the above accommodations.

Consequences for Breach of Policy

Mark Deductions for late assignments is 2% per day to a maximum of 20%. Hard Copies - during class, Soft Copies - end of day (11:59 PM EST), Last Day for late Submissions is the last day of classes before an exam period.

Assigning a Zero/No Mark

Assigning Zeros:

Zeros indicate that there is no evidence of learning. A zero can act as placeholders or a grade depending on the circumstance. Marks of zeros should be used as the initial entry of grades.

Zero as a Placeholder:

Teachers are communicating to students and stakeholders that the student has not yet demonstrated learning and that there is an obligation of the student to demonstrate that knowledge.

Zero as a Grade:

Zeros must be in place for reporting periods. If the student submits work after the reporting period, then the teacher will replace the zero with the achieved mark. If no evidence of learning is submitted, then the zero will remain.

Possible Reasoning for Entering a Mark of Zero

- Unauthorized Absence
- Not Submitted
- Earned 0
- Academic Dishonesty
- Not Submitted with Approved Extension

Reasons for Entering NM (No Mark):

A mark of zero may be replaced with an entry of NM when a teacher, in consultation with the department head or at the direction of the Circle of Care Committee (CoCC) leadership, determines that a zero would result in a misrepresentation of the student's overall achievement at a reporting period. An entry of NM may also be used when a teacher determines that there is no obligation of the student to demonstrate evidence for a particular evaluation.

3. Academic Integrity Policy

Statement of Intent

CIC is committed to ensuring academic integrity in all school activities and aims to instill in its students the highest standards of academic behaviour.

At all times CIC students are expected to submit original work, whether working individually or in collaboration with other students as part of a group assignment or activity.

Policy

Guided by the Character Keys for Success at Columbia International College (CIC), we are committed to ensuring academic honesty in all school activities and aim to instill in our students the highest standards of academic behaviour and integrity. CIC students are expected to submit original work, whether working individually or in collaboration with other students. CIC achieves this by following the expectations outlined by the Ontario Ministry of Education through our Code of Conduct.

Rationale for Academic Integrity

- Citing reliable information gives credibility to your work.
- Not citing your sources means you are stealing the ideas of others.
- Cheating is unethical.
- There are consequences to academic dishonesty and plagiarism which will impact your academic progress and violations will be tracked.

For the purposes of this policy, the following definitions apply:

Academic Dishonesty - Submitting or presenting the words, ideas, images, sounds, graphs, etc., of others as your own (even if you paraphrase it) without giving the original author credit. This includes submitting your own work to a teacher that has already been submitted and marked by a different teacher in another class.

<u>Intentional</u>	<u>Unintentional</u>
<ul style="list-style-type: none">• copying a friend's work• buying or borrowing papers• cutting and pasting blocks of text from electronic sources without documenting• media "borrowing" of diagrams, images, music, graphics, etc. without documentation• web publishing without permission of the creator	<ul style="list-style-type: none">• careless paraphrasing• poor documentation• quoting excessively• failure to use your own "voice"

Plagiarism - involves the submitting or presenting work that is either in whole or in part the ideas, language, or other intellectual property of another person, without acknowledging the source. Plagiarism applies to all assignments, projects, submissions, tests, exams or otherwise.

Consequences for Breach of Policy

Any student suspected of committing Academic Dishonesty will immediately be assigned a grade of zero, until such time that a student is able to demonstrate that the work is his or her own, if authorized.

Consequences include, but are not limited to, the following:

- Counselling
- Written warnings
- Resubmission of assignment or retaking an alternate test
- Deduction of marks
- A mark of zero (0%)
- Consequences in accordance with Article 15 of CIC Code of Conduct

4. Academic Conditions for Good Standing

CIC reserves the right to place any student on the Academic Conditions if the student (i) fails all academic courses enrolled in a given semester; or (ii) fails the same level of English as a Second Language (“ESL”) two times; or (iii) demonstrates consistent difficulty with Courses. The Principal or party so designated by CIC, at his or her sole discretion will provide the student and his or her parent/guardians notice of the Academic Review, which will also outline the conditions of the Academic Review.

A student on Academic Conditions will be reviewed by the Principal or Designate at the end of a semester and a decision will be made on next steps:

- c) discharge

Any student found in breach of this provision may be directed to the Principal or Designate who shall determine the appropriate consequence, which may include the disciplinary measures as set out in Article 15 herein.

Background

For the purpose of this policy, CIC shall use commercially reasonable efforts to use the Human Rights Code (Ontario) and its guidelines as a reference for meeting the needs of students. The Human Rights Code (Ontario) has referenced the following terms:

- c. a learning disability, or a dysfunction in one or more of the processes involved in understanding or using symbols or spoken language; or
- d. a mental disorder.

Undue Hardship

In the event that a student's disability is deemed an undue hardship (based on objective, real, direct, and quantifiable evidence by CIC in its sole discretion), CIC may terminate a student's status. Notice of a student's termination of status will be delivered to the student's parents/guardians. Any termination of a student's status will not be effectuated until the forthcoming semester. Until such time that the student's termination of status is effectuated, CIC reserves the right to place the student on Temporary Academic Leave, if the circumstances of the student's condition would threaten the safety of the student, other students, or CIC staff.

Undue hardship means the inability of CIC to provide services to a student, as a result of cost or health and safety concerns posed by the student's disability.

1. Policy

CIC requires that each student is **present, ready, willing and able** to learn inclusively with students, CIC staff and the community. CIC strives to ensure that students with disabilities are not excluded from admission to CIC. Notwithstanding the foregoing, CIC **reserves the right** to discontinue any academic or residential services or otherwise, to any student that has misrepresented or failed to disclose the existence of any condition or disability at the time of admission or prior to the commencement of any academic or residential services. Among CIC's primary objectives is to protect the welfare of all of its students and as such, requires the disclosure of any existing condition or disability so that any prospective student is cared for adequately, without jeopardizing the safety of staff or students.

Individualized Academic and/or Medical Plan

CIC students that are assessed with a disability, condition or mental health issue, may apply to CIC's Principal or designate for an Academic Accommodation Plan and/or Medical Accommodation Plan in consultation with the team. CIC shall use its

reasonable efforts to accommodate any eligible student up to the point of undue hardship, which may be determined by CIC in its sole discretion.

Students granted an accommodation will be required to strictly adhere to the procedures determined under any Academic and/or Medical Plan. Students who fail to comply with the plan in any manner or demonstrate that he or she is not present, ready, willing, and able to learn, may be directed to the Principal or designate and may be subject to the use of progressive discipline as set out in Article 15 herein.

Students seeking accommodation are under a duty to provide recent and relevant medical, psychological or educational documentation that substantiates both the existence of the disability and the need for accommodation. The privacy and confidentiality of information concerning any student seeking academic accommodation will be protected and respected by CIC, excluding any communications and notifications made to the student's parents/guardians.

Temporary Academic Leave and Cessation of Services

Notwithstanding the foregoing, CIC is committed to protecting the health and welfare of its students, and CIC staff. In the event that CIC determines that a student is a threat to himself/herself or others, CIC reserves the right to place the student on a temporary academic leave, where the student will be assessed by medical and wellness staff to determine whether he or she is able to continue at CIC without posing a threat to himself/herself or others. The parents/guardians of any CIC student placed on Temporary Academic Leave shall be notified of the circumstances.

If CIC determines that the student continues to pose a significant threat to himself/herself or any other members of CIC that cannot be controlled or accommodated without undue hardship to CIC, the Principal or designate reserves the right to cease any and all obligations to the student, effective the date of the issuance of the Temporary Academic Leave.

Residence

Unless the circumstances warrant immediate removal, a student shall have three (3) days to vacate any residence/homestay. The Principal will work with the student's family to determine a safe departure date from residence.

ARTICLE 15 – DISCIPLINE POLICY

1. Progressive Discipline System and Pathway

1. Policy

CIC is committed to enforcing the provisions of this Code of Conduct. As such, it has established a progressive disciplinary system to support positive behaviour and a safe school community.

As such, students who (in CIC's sole discretion) have engaged in misconduct may be subject to the progressive disciplinary measures set out below, which may be amended from time to time.

CIC reserves the right to vary progressive discipline measures in such cases where the severity of the offence or repeat contraventions of the Code of Conduct warrants greater disciplinary measures. This is reflected in Appendix A herein.

Any contravention of the Code of Conduct may be presented to the Principal or Designate, to determine whether the misconduct warrants a suspension, investigation and/or expulsion. If the matter is deemed to be a violation not warranting a suspension or expulsion, the Principal or Designate, shall render an appropriate progressive disciplinary measure (or delegate the decision to the appropriate CIC staff) and document.

If the student fails to comply with the progressive discipline measures, the Principal or designate will review the matter and consider further progressive discipline.

Progressive Discipline: Through progressive discipline, Principals determine appropriate consequences and /or supports to help students improve their behaviour, while taking into account their individual circumstances. The goal is to help prevent inappropriate student behaviour from happening again.

At CIC, we consider entry and exit points along the progressive discipline continuum based on the nature of the violation contravening the Code of Conduct, repeated violations, while considering individual circumstances. See Appendix A.

Entry Points in Progressive Discipline can be due to behaviours such as but not limited to unsafe, disruptive, disrespectful, inappropriate behavior and failure to follow instructions and expectations. Student support and consequences will be determined by the Principal or designate based on individual student and situation.

Entry Points for the Columbia International College Disciplinary Committee (CICDC) Hearing can be due to more significant behaviours such as, but not limited to, threatening behaviour, alcohol, assault, repeated behaviours, theft, forgery or fraud, bullying and harassment, and vandalism.

Entry Points for the Columbia International College Disciplinary Committee (CICDC) Expulsion Hearing can be due to the most significant behaviours that cause harm to the student and the school community. Such behaviour includes but is not limited to: Drugs, Assault causing bodily harm, sexual assault, possession of firearm and replicas, robbery, vandalism and neglect of duty at school such as continuous absences or continued unmanageable behaviour.

It is the goal of progressive discipline to correct the inappropriate behaviour with dignity and respect. Once the behaviour is corrected with support and consequences; it is considered an exit point in progressive discipline for that particular violation by the student.

Police Involvement

CIC shall cooperate with any police investigation into any student misconduct. In the event that the Police are conducting an investigation, CIC will suspend its internal investigation until such time that the police matter is closed. In cases where a student has been charged with a crime by the police, CIC reserves the right to place the student on temporary academic leave until such time that the police investigation is concluded.

Notices and Appeal of Suspension

The Principal or Designate shall provide prompt notice of a suspension in writing to the student and his or her parents/guardians. In addition, in a form separate from the notice of suspension, the Principal or Designate may also advise the student and his or her parents/guardians based on the severity of the offence or complexity of the issues, allegations, injuries etc., if an investigation into the misconduct of the student is required to address the matter.

The student and his or her parents/guardians by written request within five (5) school days of the notice of suspension may appeal the suspension to the Principal, to request that the Principal review the suspension and the appropriateness of the consequence. A successful appeal does not stay the suspension.

If the Principal or Designate indicates that the matter will undergo an investigation, the student shall not be permitted to appeal the suspension until the investigation has been completed. **If the matter necessitates review by the CICDC, the student and his or her parents/guardians shall receive notice of an expulsion hearing and shall not be permitted to appeal the suspension to the Principal.** If CICDC deems that the matter does not require an expulsion hearing, the student and his or her parents/guardians by written request within five (5) school days of being advised that the matter will not proceed to an expulsion hearing, may appeal the suspension to the Principal to review the appropriateness of the consequence.

A student and his or her parents/guardians shall be advised of any decision to place a student on Academic Leave in a timely manner.

Students and parents/guardians and CIC acknowledge that no culpability shall be attributed to the student by requiring him or her to take an Academic Leave.

In some instances, under an Academic Leave, the student may be removed from his or her designated residence/homestay and required to reside at another residence, at the sole discretion of CIC, under increased supervision and restricted privileges.

Role of an Investigator

For offences where a student faces suspension or expulsion, the Investigator may investigate any incident of alleged misconduct by using all necessary means, which would bring a reasonable person to conclude whether an act of misconduct has occurred or not. The Investigator has the authority to use means, which include but are not limited to: interviewing the alleged wrongdoer; interviewing witnesses; seizing copies of all relevant documentation; and meeting with CIC staff.

5. Expulsion Hearings

Notice and Timing of the Hearing

The school shall provide a minimum of 72 hours advance notice, where possible, of the date and time of the expulsion hearing to the student and his or her parents/guardian. CIC shall take all reasonable efforts to have an expulsion hearing no later than fifteen (15) school days following the date of the alleged incident.

If the circumstances exist where it is not practical to sit and hear the matter within fifteen (15) school days of a suspension, the CICDC may provide notice to the student and his or her parents/guardians to delay the expulsion hearing to a later date, provided that such date is reasonable and fair to the student.

The Expulsion Hearing

Adjudicators

All expulsion hearings shall be heard and determined by the CICDC. The CICDC shall be composed of no less than three (3) members of CIC, who have not disclosed a conflict in adjudicating the matter. Unless otherwise advised, the expulsion hearing shall be heard by the Principal, Vice Principal and the Residence Director or designate. The Principal or Designate shall preside as chair over all proceedings of the CICDC.

A CICDC member is required to disclose, prior to the commencement of any expulsion hearing, any conflicts or bias, which may affect his or her impartiality. In the event that any sitting member of the CICDC declares a conflict or bias, such member may be excused from the proceeding or disqualified from rendering a decision. If the conflict of a member of the CICDC results in there being less than three (3) adjudicators for a particular expulsion hearing, the Principal may temporarily appoint as many alternate members necessary to return the CICDC to the requisite number of members.

A student and/or parents/guardians must declare any perceived conflict or bias of any member of the CICDC, which may affect a decision from the hearing, prior to the commencement of the expulsion hearing. In such an instance, the student and/or parents/guardians shall submit the reasons for the member to be excused from the proceeding or disqualified from rendering a decision. The Principal, in his or her sole discretion, shall render a decision on the merits of such claim (including claims of a conflict or bias of the Principal) and shall appoint an alternate member to the CICDC for the purposes of that expulsion hearing, if the member is deemed to be acting in conflict or bias, the Vice Principal shall assume the duties and act as chair of the CICDC for the duration of the expulsion hearing.

The CICDC shall not preside over a hearing for more than one student at a time. Expulsion hearings are not open to the public and are limited to the CICDC, the Investigator, the student and his or her parents/guardians, any representative to assist them in the process, and or relevant CIC staff. Students and parents/guardians are not permitted to be accompanied by legal counsel during any CIC expulsion hearing.

No student cell phones or recording device is permitted at the hearing. The official CICDC recording for fairness and the accuracy of minutes will be the school's digital recorder.

Role of the Investigator

The Investigator shall present evidence gathered from the investigation into the student's misconduct and any other relevant information to the CICDC. The Investigator may commence the proceeding with opening statements. The Investigator may present the investigation report, make oral or written submissions, show camera footage, and/or respond to arguments made by the student and/or his or her parents/guardians.

Respondents

A written statement from the student and/or his or her parents/guardians to the allegations of misconduct may be submitted to the CICDC at least one (1) day prior to the commencement of the expulsion hearing. During the expulsion hearing the student and/or his parents/guardians may follow the Investigator's opening statements, with a brief statement. Thereafter, **at the sole discretion of the chair of the CICDC**, the student and/or parents/guardians may make oral or written submissions at the expulsion hearing, offer evidence supporting the existence of mitigating factors; and/or respond to arguments made by the Investigator. The student and/or parents/guardians or representative may conclude with a brief, closing statement following the closing statement of the Investigator. The student's Admission/Liaison officer may attend the expulsion hearing to assist the student or his or her parents/guardians with asserting any arguments but may not interrupt the hearing at any time.

The Decision

The CICDC must take into account all of the arguments of the parties and the submissions of the parties. In reaching a conclusion in this regard, the CICDC may also take into consideration the student's disciplinary history; the severity of the offence and whether a progressive disciplinary approach would have been prudent given the misconduct. The CICDC's written decision shall be delivered, along with any reasons for the decision, to the student and his or her parents/guardians within one (1) week of the CICDC coming to a decision. The reasons for the decision will not be released to the public, CIC students, CIC staff, unless required by law.

The members of the CICDC must reach a unanimous decision in order to expel a student.

Any expulsions may be appealed to the Appeals Committee.

6. Appeals To An Expulsion

If a student or student's parents/guardians are appealing the CICDC's decision, the decision is directed to the **Appeals Committee**. The Appeals Committee may be composed of two managers of CIC, who are not members of the CICDC, appointed by CIC in its sole discretion, as well as the Executive Director or his or her designate. The Executive Director or his or her designate shall act as chair of the Appeals Committee. The CICDC's decision may be appealed on the following grounds only

- the CICDC misapplied or misinterpreted a provision of the Code of Conduct or CIC procedure, rule or regulation;
- mistake of fact related to the commission or omission of the misconduct;
- there is new evidence in favour of the student;
- the CICDC's decision to expel the student did not take into account mitigating factors or the student's disciplinary history.

In order to commence an appeal, a letter from a student's parents/guardians or adult student must be delivered to the Executive Director within ten (10) school days following their receipt of the CICDC's decision. The letter requesting an appeal must include a reason for the appeal, citing one of the enumerated grounds set out above, as well as an explanation detailing the reasons the CICDC erred in arriving at its decision. The letter requesting an appeal should also attach a copy of the CICDC's written decision.

Upon receipt of a letter requesting an appeal of an CICDC expulsion, the Executive Director, or his or her designate, of CIC shall convene the Appeals Committee within ten (10) days following receipt of the letter. An expelled student shall be excluded from all CIC classes, curriculum, activities, events or premises, while the matter is under appeal.

The Appeals Committee may review the letter of appeal and order a new hearing, to be presided over by the Appeals Committee. The Appeals Committee is under no obligation to order a new hearing. The Appeals Committee shall have in its sole discretion the authority to determine the hearing process for an appeal, which includes the parties that shall be afforded the opportunity to make oral arguments; call witnesses; or submit evidence.

Upon conclusion of the appeals process, as deemed by the Appeals Committee in its sole discretion, the Appeals Committee may only confirm or vacate the expulsion.

A student shall have no recourse for any decision of the Appeals Committee to vacate or confirm a decision of the CICDC.

The decision of the Appeal Committee is final. The decision will be delivered to the student and his or her parents/guardians in writing, with a detailed explanation for the decision.

7. Right to Cure

An expelled student may seek reinstatement from any final decision of the CICDC and/or Appeals Committee to expel, by making a formal request in writing to the Executive Director of CIC, in the form prescribed by CIC.

Upon receipt of an expelled student's request for reinstatement, the Executive Director or his or her designate, may review the application and consider the student for reinstatement. In making a determination on the reinstatement of the expelled student, the Executive Director may meet with the student and his or her parents/guardians but is under no obligation to accommodate or afford the expelled student an opportunity to be heard.

In making a determination on whether to reinstate the student, the Executive Director may also seek counsel from the Principal, Vice Principal or any other CIC staff.

The Executive Director or his or her designate, in his sole discretion, may determine that the student may be entitled to a reinstatement. Any such reinstatement would include a list of conditions that the student is required to uphold. Such conditions may include submitting to counseling, mandatory drug testing, anger management counselling, strict curfew requirements or any other relevant course of action determined at the sole discretion of the Executive Director or his or her designate. The student and his or her parents/guardians must acknowledge and agree to the conditional reinstatement and that any breach of same will result in an automatic expulsion from CIC with no opportunity or grounds to appeal.

Other Consequences

If the CICDC's decision is to expel or uphold a suspension, a record of the disciplinary measure(s) taken will be included in the student's Ontario Student Record ("OSR"). If a student is willing and able to work into good standing, CIC at its sole discretion may consider amending the OSR to reflect the positive changes in the student.

At all times a student may only return to CIC from an expulsion, conditional expulsion or suspension provided that the student can satisfy to the CICDC that he or she:

- has respect for himself/herself, other students, CIC staff, CIC property and the community;
- understands and can accept the consequences of his or her actions;
- has the ability to attend or reside at CIC without compromising the safety of himself/herself or other students; and
- can demonstrate that he or she is capable of adhering to the provisions of this Code of Conduct.
